Resource Persons

The esteemed experts for the STTP shall be from Charotar Institute of Technology, Birla Vishvakarma Mahavidyalaya, A.D. Patel Institute of Technology, Ganpat University, Nirma University, etc.

Course Contents

Data Mining:

- Classification, Clustering, Association
- Statistical Methods
- Privacy Preserving Data Mining
- Data Stream Mining
- Temporal Data Mining & its application for stock market data

Image Processing:

- Morphological Operations
- Applications of Soft Computing Methods in Image Processing
- Content-Based Image Retrieval

SHORT TERM TRAINING PROGRAMME

ON

Research Trends in Data Mining and Image Processing

August 9 to 13, 2013

Organized by:

I.T. Department,
V. V. P. Engineering College,
Opp. Motel-The-Village,
Virda-Vajdi,
Kalawad Road, Rajkot.
Phone: 0281-2783394, 2783487
Website : www.vvpedulink.ac.in

Objective of STTP

With the primary objective of focusing on cutting edge technologies & imparting quality education, the STTP has been organized to give an insight of recent trends of Data Mining and Image Processing. The aim is to promote research and developmental activities in this field and to promote scientific information interchange between researchers, engineers, and students.

This STTP would help to gain hands on experience with the various technologies and tools by providing a vision to trade ideas with thought provoking technical sessions and appropriate laboratory session for all the applicants.
